The Wiltshire Bobby Van Trust Director, Jennie Shaw, explains:

*“Computer crime is one of the fastest growing crimes targeting the over 60s. The aim of the volunteers will be to visit the client’s home to offer a tailored service to improve their awareness of on line security and help them to identify potential risks.”*

*“I wish to thank you for providing the two operators who recently visited my home to give their expert advice on computer security and home and fire safety.*

*They were both very thorough, patient and gave my husband and myself much piece of mind with their advice, together with the fitting of additional security measures.”*
